

Lender Single Interest Insurance

Lender Single Interest (LSI) Insurance provides coverage to lenders to protect their entire collateral portfolio and is extended on a blanket basis. This coverage eliminates the need for lenders to track each individual loan, reducing the time required to monitor the loan portfolio.

Lender Single Interest insurance is provided on an annual basis and offers multiple options for payment of premiums.

Our team at IL Group will work with you to develop a program that will protect your collateral portfolio, reduce the risk of a loan not being covered, and increase staff productivity by eliminating the tracking of individual loans.
