

REO Insurance

REO properties have higher levels of risk that translate into higher costs for insurance to the owners of REO property. Many insurers will not provide coverage for REO portfolios unless they also provide the primary lender placed hazard and flood programs, leaving REO property owners with little bargaining power or flexibility in their choice of coverage, terms or conditions.

IL Group maintains relationships with the nation's leading insurance providers, and our knowledge of these companies and their REO products enables us to offer alternatives and create the right REO insurance solution to meet your specific needs. Whatever the size or composition of your REO portfolio, our team of insurance experts will work with you to develop an REO insurance program that protects the interests of your portfolio, helping reduce risks and increase efficiencies in managing REO insurance operations.

Custom Coverage

Coverage can be customized to fit your REO portfolio, including flexibility in the coverage amount, deductibles and terms.

What You Can Insure

- Residential property
- Commercial property
- Manufactured homes
- Condominiums

Reduce the Total Cost of REO Insurance

In many cases, we can reduce our clients' total cost of REO insurance by helping streamline and automate REO insurance operations. We will work promptly to identify issues and resolve them quickly.

Talk to the IL Group to find out how you can best protect your REO portfolio and maximize your operational efficiencies.
